AUTODESK'S LYNN ALLEN TO SPEAK AT SYNERGIS DESIGN & ENGINEERING SOLUTIONS' GRAND OPENING EVENT OF NEW JERSEY OFFICE

Reseller Expands Operations to Support and Educate Autodesk Customers in New Jersey

Quakertown, PA, September 8, 2004— Synergis® Design and Engineering Solutions Division, a prominent Autodesk® Solutions Provider in the Mid-Atlantic region, announced today final plans for its grand opening event of its new office in Morristown, New Jersey. The grand opening celebration of the Morristown Center office will take place on Wednesday, September 22, 2004 from 11:30 p.m. – 5:00 p.m. at the Liberty Science Center, Liberty State Park, 251 Phillip Street, Jersey City, NJ 07305. Attendees will be able to:

- Benefit from a special guest appearance by Autodesk Technical Evangelist, Lynn Allen, who will present "Top AutoCAD Tips & Tricks."
- Discuss problems and projects with Synergis Technical Experts.
- Find out exciting new details on what's coming up for Autodesk solutions during Manufacturing, Civil/GIS/Infrastructure and Building Design industry-specific breakout groups.
- Try out new Autodesk software solutions using Synergis' laptop labs.
- Have a chance to receive prizes and giveaways.

Complimentary lunch will be provided. Free registration is available at www.synergis.com/seminars.html or by calling 800-836-5440.

New Morristown Center Office

To better serve its ever-expanding customer base, the opening of Synergis' Morristown Center office provides New Jersey area customers with a more accessible

training facility to learn Autodesk® software from Autodesk Certified Experts for continuous education and growth opportunities. The Synergis Design and Engineering Solutions Division also has offices in Quakertown, Philadelphia, York, and Blue Bell, Pennsylvania.

“We are thrilled to have Lynn Allen speaking at our event. It demonstrates Autodesk’s support in the expansion of our reseller operations into New Jersey,” said Kristen Tomasic, vice president of Synergis Design and Engineering Solutions Division. “Customers recognize the direct correlation between the value we provide and the increased success they achieve. Providing personalized service and support is our hallmark, and we encourage customers to take advantage of this new facility and to meet our expert technical staff at the Grand Opening Event.”

Already in operation, the new office is located at Morristown Center, 55 Madison Avenue, Suite 400, Morristown, NJ 07960. The local phone number is 973-247-9994.

About Synergis Design and Engineering Solutions

Synergis Design and Engineering Solutions, an independent division of Synergis® Technologies, Inc, is a prominent Autodesk Solutions Provider in the Mid-Atlantic region and Authorized Autodesk® Reseller for Manufacturing, Infrastructure, and Building Design Solutions. The Design and Engineering Solutions Division provides companies in Manufacturing, Government, AEC, and related industries the best quality Autodesk software, training, professional services, and support to ensure their maximum productivity, competitive business advantage, and return on investment. In addition to its strategic relationship with Autodesk, the Design and Engineering Solutions division has alliances with 4D Technologies, Applied Spatial Technologies, COADE, and Michael Baker Corporation.
