**Synergis Inducted into Autodesk Platinum Club 2010 as
Top Reseller in Overall Manufacturing Solutions Sales Growth**

QUAKERTOWN, Pennsylvania, March 17, 2010—Synergis Engineering Design Solutions, a division of Synergis Technologies, Inc., has been named Autodesk, Inc. Top Reseller in Overall Manufacturing Solutions Sales Growth for fiscal year 2010. This is the fourth time in the past 8 years that Synergis has received this prestigious award, having been named Top Reseller in Overall Manufacturing Solutions Sales Growth for fiscal years 2003, 2005, 2008 and now, 2010.

During its annual global channel partner event, One Team Conference (OTC), Autodesk inducted 11 Value Added Resellers (VARs) and Value Added Distributors (VADs) into the Autodesk Platinum Club 2010. These companies have demonstrated strong sales performance and commitment to customer service.

"We congratulate our Platinum Club inductees for consistently performing at a high level and exceeding expectations during these challenging times," said Robert "Buzz" Kross, senior vice president, Autodesk Manufacturing Industry Group. "These partners continue to deliver world-class service and technical expertise, paired with the Digital Prototyping solutions that will help our manufacturing customers to be more efficient, more competitive and more innovative."

"We are honored to receive this award, which recognizes both our sales performance and commitment to the customers we serve throughout the Mid-Atlantic region," said Kristen Tomasic, Vice President, Synergis Engineering Design Solutions. "Given the challenging economic climate in which we're operating, I am especially proud of our Manufacturing Team for achieving this prestigious recognition."

Autodesk Platinum Club members include channel partners who have excelled in sales, growth and other key measures. The Platinum Club also includes channel partners who were the leading commercial education, government or distribution partners in their Americas sales region.

About Synergis Engineering Design Solutions

Synergis Engineering Design Solutions, an independent division of Synergis Technologies, Inc., is among the most elite of the Autodesk Value Added Resellers for Manufacturing, Infrastructure, and Building Solutions. Synergis Engineering Design Solutions holds privileged recognition as an Autodesk Gold Partner, Autodesk's highest level of certification, for the expertise, training and services it provides for the manufacturing community. Companies in manufacturing, government, AEC, and related industries turn to Synergis Engineering Design Solutions for Autodesk software, and the highest quality training, professional services, and support available to ensure their maximum productivity, competitive business advantage, and return on investment. Synergis provides onsite customized and classroom training, taught by Autodesk experts, at eight convenient locations, six of which are Autodesk Authorized Training Centers, throughout the Mid-Atlantic region. For more information on Synergis Engineering Design Solutions, visit www.synergis.com or call 800-836-5440.
