Synergis Engineering Design Solutions Expands Geospatial Solutions Team with New Expert

Skarbowsky adds more than 20 years of GIS/Mapping Experience to Team

Quakertown, PA, October 31, 2007 — Synergis® Engineering Design Solutions, a division of Synergis Technologies, Inc., today announced that Steve Skarbowsky, an industry expert with more than 20 years of experience in the field of GIS and mapping, has joined the company's geospatial team as a Synergis solutions engineer. Skarbowsky will help the company's infrastructure and GIS customers increase their understanding of key Autodesk products, including AutoCAD Map 3D and Autodesk Topobase software, and reach out to support the greater geospatial community with his delivery of training seminars, test drives, tutorials and industry articles.

"Steve is a huge asset to our Infrastructure and GIS Solutions division. He adds a great deal of industry experience to our team, has contagious enthusiasm for the subject, and is a natural teacher," said Bill Frederick, director of the Infrastructure and GIS Solutions division at Synergis Technologies. "Steve exemplifies Synergis' values and delivers the level of service, value and overall positive customer experience that has become the company's standard."

A graduate of Penn State University with a bachelor of science in Geography, Skarbowsky has built a successful career, holding such positions as supervisor, coordinator and GIS analyst at companies including, Bucks County, Signal Corporation and Aerial Data Reduction.

About Synergis Engineering Design Solutions

Synergis Engineering Design Solutions, an independent division of Synergis[®] Technologies, Inc., is a leading Autodesk[®] Value Added Reseller for Manufacturing, Infrastructure, and Building Solutions in the Mid-Atlantic region. Headquartered in Quakertown, Pennsylvania, it is also recognized as an Autodesk[®] Premier Solutions Provider (PSP), Manufacturing Specialist — Autodesk's highest level of authorization. The Engineering Design Solutions Division provides companies in Manufacturing, Government, AEC, and related industries the best quality Autodesk software, training, professional services, and support to ensure their maximum productivity, competitive business advantage, and return on investment. As an Autodesk[®] Authorized Training Center, Synergis provides onsite customized and classroom training at five convenient locations, taught by Autodesk Certified Experts. For more information on the Engineering Design Solutions Division, visit www.synergis.com or call 800-836-5440.
