Synergis Earns Autodesk Consulting Specialization

QUAKERTOWN, Pennsylvania, July 26, 2011 - Synergis Engineering Design Solutions, a division of Synergis Technologies, Inc., today announced that it has earned the new Consulting Specialization designation for value added resellers from [Autodesk, Inc.](#), a world leader in [3D design](#), engineering and entertainment software. As an Autodesk Consulting Specialized Partner, Synergis has shown that they have made significant investment in their people, they have a solid consulting business plan, they have reference able customers, and that they offer a high level of knowledge and support to customers.

The new Autodesk Partner Specializations enable partners to highlight and brand their expertise in delivering services in key industry areas. By completing the required curriculum and training, as well as meeting required levels of service and standards set by Autodesk, Synergis demonstrates through their strong customer service and support in sales what it means to be a trusted adviser to Autodesk customers throughout the world.

“For over 26 years, Synergis has worked very closely with our customers to provide the services needed to successfully implement Autodesk solutions,” said Mark Mahovich, Senior Director of Professional Services, Synergis Engineering Design Solutions. “This commitment to customers is backed by our experienced staff of dedicated people with the goal of providing complete solutions that produce the ongoing results of both increased productivity and profitability. It is an honor to be recognized for this expertise as an Autodesk Consulting Specialized partner.”
